

- Participating health care providers can access your health record.
- CommonWell nationwide connectivity means that your data is more accessible to participating providers.
- Reduces time spent tracking down your health information providing you faster, better care.
- When enrolled, if you are unable to provide health data, such as in an emergency, your care team may locate it immediately.
- May save time and the hassle of filling out health history forms when seeing new providers.

# Can I see who participates in CommonWell?

To view participating provider sites,  
visit the CommonWell website at:  
[Commonwellalliance.org/providers/](https://Commonwellalliance.org/providers/)

# An Improved Way to Coordinate Your Health Care Across Different Care Providers.

## Can I choose not to participate?

Yes. Participation is a personal decision you must make. If you opt out, your health information will not be available through the providers.

## If I choose not to participate, will it affect my ability to receive care?

Participation is not a condition to receiving care. However, if you opt out, it may affect the information available to your care team when receiving care.

## Whichever decision I make, can I later change my mind?

Yes. You can opt-in or opt-out by speaking to a patient experience advocate, in person or over the phone.

## What health information will be shared by your Health Center?

Health Centers will share information such as:

- Records of allergies and drug reactions.
- Medication and immunization history.
- Transcribed diagnostic and treatment records.
- Procedure records.
- Record of problems and diagnoses.
- Notes from your care team.

## How can I enroll?

To enroll for CommonWell, you may speak to a Patient Experience Advocate.

## Can I exclude certain records from being shared?

No. In order to provide a comprehensive health history, we don't have the option at this time to exclude specific visits, tests or episodes of care.
